Although it is directly under the equator, there is a comfortable climate of around 30 degrees Celsius all year round due to its high altitude!

A view of the capital city of Kampala. There are many raised-high buildings, etc.

Uganda's atmosphere

Rural department

In the village, wells are mainly used.
(There are also water supplies in urban areas!)

People, cows and bananas are mixed on the track .! ?
It is a common scene in Uganda.

Metropolitan Department

Kampala Capital
city's Beautiful
scenery!

Taxi park in the capital Kampala.
Most of the taxis are of the Used Toyota Hiace brand

Life style of Ugandans

I help with housework every day!

Mud wall house

Big family!

Kids are helping!

We also do cattle raring!

State of school

↑ Children are friendly!
Their smiles are very cute!

↑ The classroom is packed with children.

Life style of Ugandans ~ Dancing ~

buttocks dexterously

Uganda has over 50 ethnic groups, They all have different languages and traditional dances.

The most popular Ganda dance is characterized by shaking only the buttocks dexterously!

During the dance, they normally wrap a cloth or something like a flower around their waist.

Wedding

Life style of Ugandans ~ Cultural wear ~

Men's traditional clothing is called “Kanzu”. The combination of the jacket and traditional clothing is so innovative.

Women's traditional clothing is called “Gomes”. These costumes are worn at weddings, graduations and parties.

Some women's costumes are called “Kitengi”. A colorful fabric dress which is accented with a ribbon wrapped around the waist.

All of these dresses are custom-made and can be customized to suit your tastes from fabric selection to design!
